A school is fully "standards-based" when it permits students to advance to more difficult work based on their demonstrating proficiency in

the standards. All RSU5 elementary schools are well on the way to being "standards-based". Mr. Makley reviewed K-5 visible changes for 2013-2014 and 2014-2015.

B. Use of Technology – Technology Director Seth Thompson reported the District Technology Plan was revised and submitted to the State in May. The plan included six goals and the entire plan can be found on the RSU5 website. Mr. Thompson reviewed the 2013-2014 technology budget and gave a preview of 2014-2015 that includes: elementary teacher laptop refresh; elementary classroom AV; FHS STEM lab; and elementary student equipment.
